# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# INTRODUCTION

---

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1936 edition of the Rocky Mount City Directory.

Confidence in the growth of Rocky Mount's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Rocky Mount to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Rocky Mount Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:—

**THE BUYERS' GUIDE**, pages 17 to 48, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Rocky Mount. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Rocky Mount, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

**THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is included in pages 49 to 315. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Rocky Mount, and the name, official personnel, nature and address of each firm and corporation in the city.

**THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, covers pages 317 to 378. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 381 to 428. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and

professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Rocky Mount.

### **The Rocky Mount Directory Library**

Through the courtesy of the publishers of the Rocky Mount City Directory, a Directory Library is maintained in the offices of the Rocky Mount Chamber of Commerce, for free reference by the general public. This is one of more than 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,  
Publishers.

# Rocky Mount

"THE GATEWAY CITY"

(By Erle H. Austin, Secretary, Rocky Mount Chamber of Commerce)

## Statistical Review

Form of Government—Council-manager.

Population—Total, 21,412; males, 10,156; females, 11,256; total colored, 8,702 (1930 U. S. Census). Local estimate at present, 27,000. American-born, 99.6%.

Area—4.5 square miles.

Altitude—114 feet above sea level.

Climate—Mean annual temperature, 60.8 degrees F.

Parks—4, with total of 60 acres, valued at \$35,000.

Assessed Valuation—\$18,244,446, with \$.63 per \$100 tax rate.

Bonded Debt—\$1,750,000.

Financial Facts—3 banks, with total deposits of \$7,092,541.25 (March 1, 1936), and total resources of \$8,100,181.33 (March 1, 1936). 4 building and loan associations, with total assets of \$2,000,000 (March 1, 1936).

Postal Receipts—\$75,446.50 (calendar year 1935).

Telephones in Service—3,100.

Churches—32, representing leading denominations.

Building and Construction—Value of building permits, \$410,365 (1935).

Industry—Chief industries of city and surrounding territory: Manufacturing and agriculture. 45 manufacturing establishments, employing total of 4,200 men and 550 women, paying wages of \$5,500,000 annually, and having products valued at \$27,000,000 annually (estimate as of June 1, 1936). Principal manufactured products: Cotton yarns, pile fabrics, broad silks, shirts, overalls, cordage products and lumber products.

Trade Area—Retail area has radius of 60 miles, and population of 250,000; wholesale area, radius of 120 miles, and population of 500,000.

Newspapers—1 daily and 1 weekly.

Hotels—4, with total of 350 rooms.

Railroads—Atlantic Coast Line.

Highways—U. S. 64 and 301; State 43 and 95.

Airports—1, municipal.

Amusements—Largest auditorium in city seats 1,200 persons. 3 moving-picture theatres, with total seating capacity of 2,000 persons. 1 golf course.

Hospitals—3, with total of 215 beds.

Education—12 public schools, including 2 senior high. Number of pupils in public schools, 5,800; teachers, 141. Value of public school property, \$942,797.96.

Public Libraries—1, with 13,354 volumes.

City Statistics—Total street mileage, 152, with 24 miles paved, and 2 miles under construction. Miles of gas mains, 43; sewers, 38. Number of water meters, 4,111; light meters, 4,606; gas meters, 2,778. Capacity of water works, 3,000,000 gallons; daily average pumpage, 2,000,000 gallons; miles of mains, 35; value of plant, \$356,000. Fire department has 11

men, with 2 stations and 6 pieces of motor equipment. Value of fire department property, \$65,000. Police department has 20 men, with 1 station and 5 pieces of motor equipment.

### **Rocky Mount's Forward March**

Rocky Mount was incorporated as a town in 1867 and as a city in 1907. Its growth has been phenomenal. In 1890 the town was credited with 816 people. Ten years later, in 1900, the U. S. Census gave it a population of 2,937; in 1910, a population of 8,051; in 1920, 12,742, and in 1930, 21,412. The local estimate at this time is 27,000, including suburbs.

Located at the gateway point of one of the most prosperous sections of the state, and with a network of highways and railway connections to strengthen its geographical assets, it is recognized as eastern North Carolina's foremost jobbing and distributing center.

The Atlantic Coast Line Railroad maintains one of its largest shops here and this is headquarters for the Superintendent of the Richmond district. Situated in the heart of a rich agricultural district, the city is logically a marketing center for farm products. In the season of 1935 there were sold on the Rocky Mount Tobacco Market, 56,-862,690 pounds of bright-leaf tobacco. Rocky Mount is also a large market for cotton, and there are two cotton storage warehouses for storing cotton, and a cotton yard is maintained for the sale of cotton at auction. Rocky Mount also is proud of its curb market. The Rocky Mount curb market is one of the two largest curb markets in the U. S.

The industrial development is merged with the distribution of farm products. The city has seven tobacco factories and redrying plants, cotton mill, silk mill, plush mill, mattress factory, two fertilizer factories, cordage factory, and several woodworking plants, and in addition to these, the Atlantic Coast Line shops. There are at present around 4,750 industrial workers employed in the city, with a payroll of \$5,500,000 per year.

Rocky Mount is situated 120 miles south of Richmond, Va., 120 miles southwest of Norfolk, Va., and 120 miles northwest of Wilmington, N. C. It is on U. S. Highway No. 301, running north and south, and on U. S. Highway No. 64, running east and west. Incidentally, U. S. Highway No. 301 is an important link in the Washington-Florida Short Route running from Maine to Florida, and U. S. Route No. 64 is a link of an important highway running from the Atlantic to the Pacific Coast.

### **City Government**

The Rocky Mount city government operates under a council-manager charter, having adopted this form of government in 1927. Chief among the characteristics of this are better administrative organization, improvements in the structure of government, and the elimination of unnecessary expense, to the end that the tax dollar may be expended economically, and that the cost of government may be reduced wherever possible without detriment to public service. The tax rate for governmental purposes during the past nine years has been reduced from 74 cents to 27 cents. Rocky Mount's net debt is less than 3% (while the lawful limit is 10%) of the total assessed value of taxable property of approximately \$18,000,000. Not only does the city have an unusually comfortable credit margin, but with the five million dollars' worth of municipally owned and operated utilities consisting of gas plant, water plant and light plant, there is the definite assurance that the city can and will al-

ways control its tax rate, at the same time giving its citizens and industries the last word in service, for Rocky Mount's plants are of a capacity able to care for double the present population and industry. Rocky Mount's indebtedness is being annually reduced, and an adequate sinking fund is being provided in an orderly fashion, while every necessary improvement and expansion is going on.

### **Municipal Airport**

The Municipal Airport is located just outside the city limits on U. S. Highway 301 and along the main line of the Atlantic Coast Line Railroad, and is less than ten minutes' automobile ride from the center of the city. The area of the airport is 237 acres. The field has been perfectly leveled off to permit planes to land from every direction, and there is an open clearance entirely around it. A first-class hangar, 80x100 feet, has been completed, and the field is lighted with modern lighting equipment.

### **The City's High Lights**

Rocky Mount has a temperate climate. The average temperature is 60.8 degrees. From a health standpoint, the city is ideal. Records show that there have been no epidemics. The water supply is pure; the milk supply has passed every test, and received commendation from every source of inspection. The city has all modern sanitary regulations, with health officers empowered to enforce them.

Rocky Mount owns its public utilities. A new water plant has just been completed at a cost of \$356,000. It has a filtration plant rated at 3,000,000 gallons per day, complete with pumping equipment; and an elevated steel tank (capacity, 1,000,000 gallons).

Rocky Mount boasts one of the most up-to-date gas plants in the entire South. National periodicals have prominently mentioned this plant as a model for any municipality contemplating the building of a gas plant. A network of piping and equipment has been worked out, and when completed, will mean an even and full pressure at all times and at any place served. The operated expense has been reduced to a minimum, at the same time assuring maximum working efficiency. Ably-managed and well-financed, it is considered one of the most profitable properties of the City, and year after year a neat sum is derived from this source. It represents the first municipally-owned gas plant in the state.

Rocky Mount has a new \$1,000,000 power plant, situated on the banks of the historic Tar River. This plant was designed and built on the unit system, providing for three times the K. W. capacity as that now being used. In this way the future needs of the city are handsomely taken care of. Lowest rates in the state and a maximum of power are attracting the attention of users of this power for industrial purposes, and a great industrial growth is anticipated. Additional power from privately-owned concerns is also available in Rocky Mount and the immediate vicinity.

Rocky Mount has one high school and six grammar schools for white pupils, and one high school and four grammar schools for colored pupils. There are thirty-two churches in Rocky Mount, seventeen for white and fifteen for colored people.

Rocky Mount has gone beyond its duty in providing playgrounds and playground equipment for its children. It

has provided handsomely for the child's amusement by operating municipally, four parks, three groups of tennis courts, one swimming pool, and four playgrounds, including one for colored people (the only municipally-owned playground for colored persons in the state). All of these grounds are carefully looked after by a park committee.

The beauty of Battle Park attracts thousands of visitors yearly, and during the warm summer months, picnickers find it an ideal spot for their outings. It borders on the Tar River, and the rocky mound whence Rocky Mount derives its name is in the center of the park. A Confederate monument to the Bethel heroes greets the visitor at the southern entrance, and the driveway winds along the banks of Tar River, across which is located the second cotton mill ever operated in the state of North Carolina.

Braswell Park is unusually well located, being nearer the central part of the city than any of the other parks or playgrounds. A wealth of playground equipment is found here. The playground is situated between Park View Hospital, the Public Library, the municipal tennis courts and the Memorial Swimming Pool—a cool spot and a delight to the children and nurses during the warm summer months.

The only eighteen-hole golf course in northeastern North Carolina is situated in Rocky Mount at the Benvenue Country Club. This course is well laid out, affording the golfer enough of the uncertainties of the game to make the sport interesting and fascinating. The clubhouse is a handsome structure, costing approximately \$45,000. Life memberships and annual memberships are obtainable by desirable persons, and the club is handsomely supported by a membership that is representative of the best citizens. The club is happy in the fact that it has no debts. A full-time golf professional has charge of the links and golf storerooms and lockers. Visitors are always welcome to the club. Rocky Mount is also represented in the Eastern Carolina Golf Association, some of its main officers making their homes here.

The rapid growth of the city may be easily noted by a visit to suburban Rocky Mount, where handsome homes are continually being built in developments both to the east and west of the original residential section. All recent developments have been taken into and made a part of the city and are served with all modern conveniences. Some of these developments ten years ago were farm and wooded lands, while today they represent the zenith of present-day home architecture.

Apartment houses of the two and four apartment type are rapidly being built, and for the family that prefers this mode of living, these apartment houses are so located as to make them easily accessible to the business district and other industrial plants and enterprises.

Rocky Mount has the usual fraternal orders, namely: Masons, Knights of Pythias, Odd Fellows, Junior Order of United American Mechanics, and Red Men. There are three civic organizations: Rotary Club, Kiwanis Club and Civitan Club; also Merchants' Association and Chamber of Commerce.

### Red Cross Chapter

The Rocky Mount Chapter of the American Red Cross is an organization of which the people of this community are very proud.

### **Boy Scouts of America**

Rocky Mount is a part of the Eastern Carolina Council of the Boy Scouts of America, with an active district board headed by men who are enthusiastic Scouters. There are nine troops under the leadership of well-trained scout masters.

### **Welfare and Charity**

Rocky Mount has a well-organized Associated Charities board, with full-time welfare worker and an able staff of assistants.

### **Salvation Army**

Rocky Mount has a well-organized corps of Salvation Army workers, and this organization does very fine and constructive work throughout the city and community.

### **Safety Council**

Rocky Mount has recently organized a Class B Safety Council, and the work of this organization is beginning to be felt in a very large way. It is divided into four groups, with a chairman at the head of each group—street and highway safety, safety in homes and schools, industrial safety and fire prevention.

Rocky Mount's steady growth has made necessary a definite policy of fire department extension, and Fire Station No. 2, with standard equipment, has recently been completed and is now a part of the fire department equipment of the city. The rigid restrictions on buildings in the fire district, which comprises the entire business part of the city, has, it is believed, been directly responsible for the absence of large fires in recent years, and a big loss by fire is, so far, unknown to the city.

Rocky Mount has three splendid hospitals, all on the accredited list of the American College of Surgeons and having on their staffs surgeons of wide reputation. Specialists for practically all diseases make these hospitals their headquarters, and patients from a wide area come here for treatment. Two of these hospitals have training schools for nurses, and their graduates are accepted by all practicing physicians and surgeons. The other hospital, the Division Hospital for the Atlantic Coast Line Railroad, employs only registered nurses.

To prospective homeseekers and to individual citizens, Rocky Mount offers every factor that makes for happiness and ideal home conditions.

### **Manufacture, Industry and Trade**

For manufacturers, Rocky Mount offers many inducements, among which are the source and supply of labor. The abundance of female labor in the Rocky Mount district is an inducement to new industries. There is also adequate male labor, both white and colored. There are no labor troubles in Rocky Mount, and with the exception of the railroad strike in 1932, strikes have been practically unknown. The small percentage of foreign-born (less than 1%) insures English-speaking labor for all classes. It follows that this labor is not contaminated by foreign elements that promote unrest, and that one language makes it possible to forestall labor trouble. Loyalty is typical of this class of labor.

Rocky Mount has one national bank and trust company, and one state bank and trust company, together with one industrial bank, four building and loan associations and one fire insurance company.

Rocky Mount, according to the 1930 Census of Distribution, has 511 retail stores, with annual sales amounting to \$13,610,624.

Rocky Mount is the shopping center of a wide area, embracing a radius of 50 to 70 miles. In addition to the retail stores, there are numerous wholesale houses handling groceries, fruits and produce, hardware and notions. The city enjoys the reputation of being the jobbing center of a large territory. Situated in the hub of a fast-developing section, Rocky Mount has the natural advantages that attract people in all lines of business. It is truly the marketing and shopping center of eastern North Carolina.

#### **Newspapers**

The city boasts of one of the best daily newspapers in the state, The Evening Telegram. This paper enjoys a large circulation and is a member of the Associated Press.

The city also has a good weekly paper with a large circulation, The Rocky Mount Herald.

#### **Radio Station**

Station WEED, in Rocky Mount, is the only broadcaster east of Raleigh in North Carolina. It is operated sixteen hours daily by a large staff, long experienced in radio broadcasting. It is splendidly equipped throughout and promises to become one of the South's outstanding stations.

#### **The Rocky Mount Chamber of Commerce**

The membership of the Rocky Mount Chamber of Commerce is made up of the business and professional men of Rocky Mount and the farmers and growers of this section, who are not only interested in the work, but enter actively into the problems and tasks confronting the Chamber. It is divided into departments, industrial, agricultural, educational, civic, commercial, and publicity, and all departments function and are headed by committees of able men.

The influence of this body has been largely responsible for the many developments of the city, and in every progressive movement, the Chamber of Commerce uses its agencies for the best interests of the community.

The management of the Chamber is in the hands of a board of directors, who employ a full-time executive secretary and an assistant secretary, and maintain offices at 119 N. E. Main St.

---

MORE GOODS  
ARE BOUGHT AND SOLD  
THROUGH THE  
CLASSIFIED BUSINESS LISTS  
OF THE  
DIRECTORY  
THAN  
ANY OTHER MEDIUM  
ON EARTH

---

# The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

**TRADE!** You like  
to patronize those concerns  
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

**THE PUBLISHERS**

# CLASSIFIED BUYERS' GUIDE OF THE CITY OF ROCKY MOUNT (NORTH CAROLINA)

1936

The Buyers' Guide contains the advertisements and business cards of the most progressive business men and firms in our city, classified according to lines of business.

HILL DIRECTORY CO., Inc., Publishers

## The Sign over your door

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

The sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business.

*But*  
**Your Directory  
Advertising**  
*is before the  
entire community*

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For **FREE** suggestions on how to make your advertising most effective write—

### Directory of Householders, Occupants of Office Build- ings and Other Business Places, Including a Complete Street and Avenue Guide 1936

Copyright, 1936, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

\*\*\*Between two intersecting streets designate there are no houses between them.

(c) designates colored.

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

**TRADE!** You like  
to patronize those concerns  
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

**THE PUBLISHERS**

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
